ABOUT THE DRIVING PROGRAM

# UNLOCK YOUR FULL POTENTIAL

***THE DRIVING PROGRAM BY WIMMER WERK MOTORSPORT***

| BUDGET | SPOTS |
|---|---|
| 7.500 euro | 12 |

Founded in 2023 together with former GT4 European and German Champion Nicolaj Møller Madsen, the Driving Program by Wimmer Werk Motorsport has become a key part of our team and driver development philosophy.

Following a highly successful 2026 season with 12 drivers from across Europe, the program enters its fourth season in 2027, continuing to provide a structured pathway for ambitious drivers progressing from karting into GT racing and beyond.

The program combines four annual performance camps, weekly simulator sessions, race preparation, driver coaching, physical and mental training, data analysis, and support from professional partners in fitness, nutrition, and performance.

More than just a coaching program, the Driving Program creates a community where drivers challenge each other, learn together, and develop the professionalism, discipline, and mindset required to succeed at the highest level of motorsport.

PORSCHE
SPRINT CHALLENGE
CENTRAL EUROPE

ABOUT THE SERIES

Staged by Lechner Racing as the official and exclusive licence partner of Porsche AG, the Porsche Sprint Challenge Central Europe brings Porsche one-make racing to some of the most prestigious circuits in Central Europe, including the Formula 1 venues Red Bull Ring and Hungaroring. The cars use the same equipment as the Porsche Mobil 1 Supercup, making it the ideal place to sharpen braking, qualifying, consistency, race craft and tyre management. Every weekend combines two sprint races with a one-hour endurance race, and PSCCE Hospitality is on site at every event for sponsors and partners.

**The next step: the preparation for the Porsche Carrera Cup.**

## 01 CALENDAR

# GTC ENDURANCE CHALLENGE

**PORSCHE GT4 RS** | **6 SEATS FOR 2027**

GTC ENDURANCE CHALLENGE

## ABOUT THE SERIES

The GTC Endurance Challenge is our endurance program in the Porsche 718 Cayman GT4 RS Clubsport. Two 55-minute races per weekend give drivers more track time, real endurance race craft and the chance to build consistency over a full stint. It is a valuable GT4 development step, especially for drivers making the transition from karting. The season starts with a pre-season test at Slovakiaring, and the Slovakiaring race weekend includes extra testing on the Thursday.

**The next step:** the ideal preparation for ADAC GT4 Germany.

## 01 CALENDAR

- 4 Race weekends
- Pre-season test at Slovakiaring (4h)
- Thursday test before the Slovakiaring race weekend

## 02 RACE FORMAT

- 2 Practice sessions (40 min each)
- 2 Qualifying sessions (15 min each)
- 2 Races (55 min each)

## 03 WHAT IS ALWAYS INCLUDED

- Entry fees
- Fuel and tyres
- Mechanics and technical support
- Run parts
- Insurance – excess around 20.000 euro / covers up to 100.000 euro

## 04 WHAT WE ALSO INCLUDE
